

INDEX

INDEX TO VOL. I, DESIGN SECTION

(Corrected to include A.L.s. 1 and 2.)

See Introduction to the B Design Leaflets, paras. 2 and 3.

	Design Leaflet	Paragraph
ACROBATIC CATEGORY AEROPLANES; requirements applicable to acrobatic and not to normal category aeroplanes:—		
Accumulators to be non-spillable	E.2	7
Aileron stressing case	B.3	7
All requirements apply to both normal and acrobatic category aeroplanes unless otherwise stated	B.1	9
Cockpit speed restriction notice, not required on acrobatic category aeroplanes ..	A.1	2
C.P. Back factor of 6	B.2	4
C.P. Forward factor of 9	B.2	3
C.P. Forward factor of 9 (engine mounting)	B.3	4
Flight trials, diving tests	F.3	3
Flight trials, looping and rolling	F.3	5
Flight trials, official, special safety precautions	F.1	9
Flight trials, official, special safety precautions	F.2	9
Flight trials, spinning tests	F.3	4
Inverted flight, high negative incidence	B.2	11
Radiator tests with revised C.P. Forward factor	D.4	11
Range of airspeed indicator	E.1	6
Safety harness	E.3	2
Tank tests with revised C.P. Forward factor	D.2 and D.3	7
Terminal velocity dive	B.2	10
Toe straps for rudder bars	Z.3	18
Windmills for generators to be suitable for T.V. dives	E.2	15
Wing stiffness	Z.7	3
Advertising banners—see Towing.		
AERIALS:—		
Stressing requirements		
Strength of attachments	B.3	19
Strength of aerial	E.5	3
Other requirements		
Attachment of aerial weights	Z.3	21
Electrical requirements	E.5	3
Welding of attachments	B.5	10
AILERONS (see also ALL COMPONENTS):—		
Stressing requirements		
Mass-balance arms	B.3	7
Stressing cases	B.3	7
Tail-to-wind case	B.3	13
Other requirements		
Fabric and stringing	B.5	12
Fasteners for inspection doors	Z.3	17
Flutter, prevention of	B.5	1
Flutter, prevention of, ailerons with trailing edge tabs	B.5	1
Locking of controls	Z.3	12
Mass-balance	B.5	1
Maximum upward setting of Frise type ailerons	B.5	3
Prevention of aileron instability	B.5	3
Aircscrew requirements	B.8	—
ALL COMPONENTS, REQUIREMENTS EQUALLY APPLICABLE TO:—		
Aluminium alloy sheet, bending of	Z.3	6
Castings	B.5	11
Drilling and sweating tubes to T.2	Z.3	3
Duplicate wires	B.3	16
